

invoice for installing 7 meter pits. The District should be connected to regional water this summer, which should double the amount of water available.

Water Guy will provide a bid for installing meters and radios. A county grant will be submitted as soon as the bid is received.

- iii. Lead / Service Line Inventory – Mike Zmiewski reported on the EPA requirements for the service line inventory program. If Water Guy does work on a water line that is of an “unknown” material that could affect a homeowner’s water service, Water Guy has to provide a pitcher that will remove lead from water for the homeowner.
- b. Different bank – There was discussion on switching banks. There are other banks that don’t charge a service charge and pay a little better interest. After discussion, the consensus is to stay at First Interstate Bank for now.

V. New Business

- a. Mike Zmiewski reported that since the District is close to being set up on regional water, the District needs to finalize a rate structure. There was a great deal of discussion on the rate structure. Rates will be discussed over the coming months.
- b. The April meeting date was changed to accommodate board member schedules.

NOTES:

- a. When the red flashing light comes on, it indicates the pump has stopped. CALL A BOARD MEMBER.
- b. Homeowner payments must be received no later than 5:00 p.m. the 20th of the month to avoid the \$20 late fee and possible disruption of service. Payments can be delivered to the office of Water Guy 512 WY-50.
- c. Check out Water Guy’s Facebook page for information regarding water system issues. They will post information there when they are working on projects and when they are having issues with water systems. Go to www.wateryuywyoming.com for a link and for other information.

Respectfully submitted,
Helenanne Cathey, Assistant to the Board
