4 Work on Fitch (Mark Smith is working on a scope and getting bids on the following as well):

- 1) 2/25/25: About a mile up Fitch where the red barn is. Western Midstream has a high pressure line that runs in the ditch, so a great deal of caution will be needed there. Drainage to be addressed on the west side (high pressure line is on the east side.
- 2) Fitch (from Oriva Road to Cloud Peak) – Homeowner asked it to be addressed (5/27/25 meeting) – Board agreed to add it to the list for future projects.

C. Future Project:

Seven Brothers – There are a number of issues on this road. This will be a bigger project and will be addressed in the future. 10/26/21 – *Until the fence is moved, we will probably not be able to do any snow removal.*

from 2/28/17 minutes: A landowner was at this meeting to discuss his concerns on Seven Brothers. There is plastic blowing around from bags of peat moss and other stuff. There are six tanks full of oil on the property. A couple of landowners are interested in buying the property, but have concerns about those things as well as the additional assessment if they were to buy the lot. There is also a concern about the bus stop at the end of Seven Brothers is a concern. The consensus of the Board is that the garbage and clean up of the oil tanks is on the landowner. The District will address the bus stop at some point when the budget allows.

D. Fences in road right-of-way.

1. 6/23/21 – Letter sent to County Attorney’s office asking that this issue be investigated and addressed by the County Attorney’s office, especially on three properties.
2. 3/28/23 – Pamela Stang contacted County Attorney’s office prior to this meeting and they hadn’t had time to deal with the issue. Pamela Stang will follow up periodically with the County Attorney’s office.

E. Culvert Inventory (10/27/2020 – were 3 of each / used one of each July, 2022):

2 ea 18” X 20’ culverts
2 ea 18” X 15’ culverts
2 ea 18” bands

3/25/25 – Mark Smith has the culverts on a trailer at his place.

F. There was no update on contacting the County to request the use of their speed monitor sign that tells people how fast they are going compared to the speed limit and will take a picture of them if they are speeding.

G. Culverts – From July, 2023 meeting minutes: “There was a discussion on culverts in driveways and the question was asked if the District is responsible for driveway culverts. The notes below state that homeowners are responsible for maintaining culverts that provide adequate drainage. Other districts require homeowners to maintain their driveway culverts and ensure they provide proper drainage as well. Some homeowners do not have adequate culverts. This item will be added to the next meeting agenda.” There was some discussion at the October 24, 2023, meeting and agreement that driveway culverts should be homeowner responsibilities. No update at this meeting.

H. The cattleguards on Echeta and Penrose are done. The bill hasn’t been received yet. If the District wants to clean out culverts in the spring with the vac truck, they charge by the hour.

I. Jason Finch provided prices for trail cameras with remote access to post on landowner properties (with permission). Mark Smith moved to buy the Magic Eagle trail cameras for \$359.08. Mary Schoen seconded. Motion carried by unanimous consent. Jason Finch will get them ordered.

J. T-posts on corners and culverts – The T-posts are all installed. This item will be removed from the agenda.

1. Jason Finch looked at the culvert at 42 Buffalo Back. Jason Finch advised it isn’t too bad – it wasn’t marked so someone hit it. It could be pulled back up a bit sometime.

K. Replace the sign coming into Oriva Hills. Mark Smith is working on a design.

L. Road Coordinator:
